

Glasgow needs change

Glasgow is an amazing city with huge potential, but after 20 years of SNP government too many people feel our city are being held back.

It's time for change.

Scottish Labour has a plan to fix the mess, get the basics right and build a better future for Glasgow.

Making life more affordable

Scottish Labour will help people keep more of their own money in their pocket and keep everyday costs down by:

- ✔ **Committing to no income tax rate rises** for five years, with the ambition to lower taxes as we get the economy growing.
- ✔ **Widening eligibility for energy-efficiency grants**, so 3,000 more older households can access funding for home upgrades.
- ✔ **Introducing breakfast clubs in all primary schools**, helping parents get to work on time and ensuring no child starts the day hungry.
- ✔ **Cutting childcare costs for working parents** with two weeks of summer holiday clubs and increasing the value of tax free childcare to £3,000 per child.
- ✔ **Keeping down the cost of public transport**, preventing a return to peak rail fares and maintaining free bus travel for under-22s and older people.
- ✔ **Reducing tax for first time buyers**, increasing the Land and Buildings Transaction Tax relief threshold to £200,000, saving first time buyers up to £1,100 off the cost of buying a home.
- ✔ **Preventing above inflation hikes to water bills** while Scottish Water generates multi-million pound surpluses.

An NHS there when Scots need it

Scottish Labour will always defend the NHS and we will make sure it is delivering for Glasgow by:

- ✔ **Driving down NHS waiting lists**, with funding following the patient so that anyone from Glasgow who is willing to travel can be offered treatment wherever capacity is available.
- ✔ **Ending the 8am rush for a GP appointment** and bringing back the family doctor so everyone can get a GP appointment within 48 hours when they need one.
- ✔ **Creating new neighbourhood health hubs** so people across Glasgow can access all their local health services in one place.
- ✔ **Launching an emergency mental health response service**, so that people in mental health crisis get specialist NHS care, not merely a police response.
- ✔ **Legislating for Milly's Law** to end the culture of cover-up and get the truth for families.
- ✔ **Catching cancer earlier** with a lung cancer screening programme and investment in new AI-enabled scanners so that waiting times targets are finally met.
- ✔ **Reviewing the impact of the Thistle safe consumption room pilot**, including the consequences for the surrounding area and investing in recovery services.
- ✔ **Immediately funding additional care at home packages and step down beds**, as a first step to reducing levels of delayed discharge in hospitals.

This election is a straight choice between more of the same with the SNP or a government ready to build a better future with Scottish Labour.

The SNP has had 20 years in charge; they don't deserve another five.

On May 7, vote Scottish Labour on both votes for the change Scotland needs.
